Purchase VidiCable for Mac

VidiCable offers three subscription plans: Monthly, Yearly, and Lifetime plans.

Quick Link: To purchase a license key for VidiCable for Mac, please visit [here](#).

1. Why should I buy VidiCable?

It is totally free to get videos from Twitter, YouTube, Vimeo, or other videos sites by using VidiCable. But you can only download the first 5 minutes of each video from 7 sites (Netflix, Amazon, Disney+, Hulu, HBO Max, Paramount+, and Discovery+) with the free trial version. To unlock this limit, please purchase a license and register for the program.

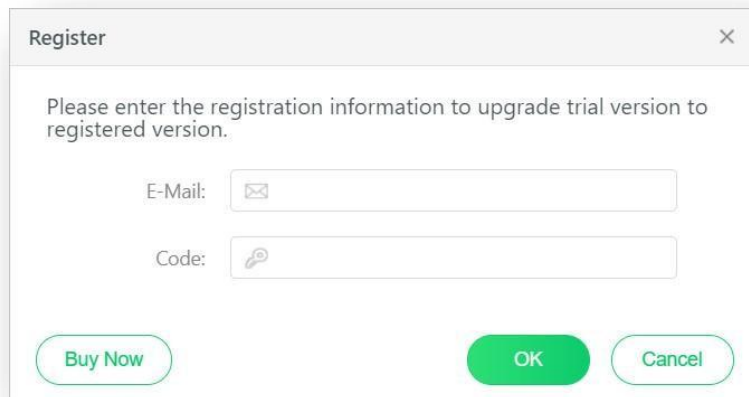

2. What Benefits do we have after Registration?

- Unlimited use during the subscription period without any function restrictions.
- Lifetime FREE upgrades to the latest versions of the same product.
- Lifetime FREE technical support.

Register VidiCable for Mac

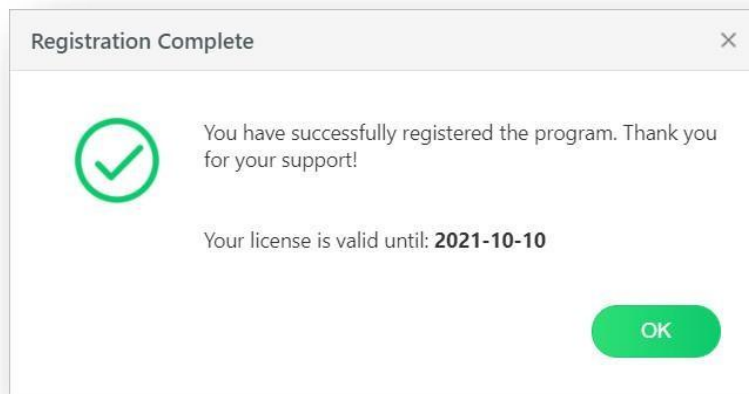

Step 1: Run VidiCable on PC. First you should click the **Menu** icon ☰ or the **Key** icon on the upper right, and then select **Register** option to register your program.

Step 2: Please fill in the blanks with the **Registration Email** and **Registration Code**. You can use keyboard shortcuts to copy (Ctrl+C) and paste (Ctrl+V) your license in the registration window.

A dialog box titled "Register" with a close button (X) in the top right corner. The text inside says "Please enter the registration information to upgrade trial version to registered version." Below this text are two input fields. The first is labeled "E-Mail:" and has an envelope icon on its left. The second is labeled "Code:" and has a key icon on its left. At the bottom of the dialog are three buttons: "Buy Now" (green with a white border), "OK" (solid green), and "Cancel" (white with a green border).

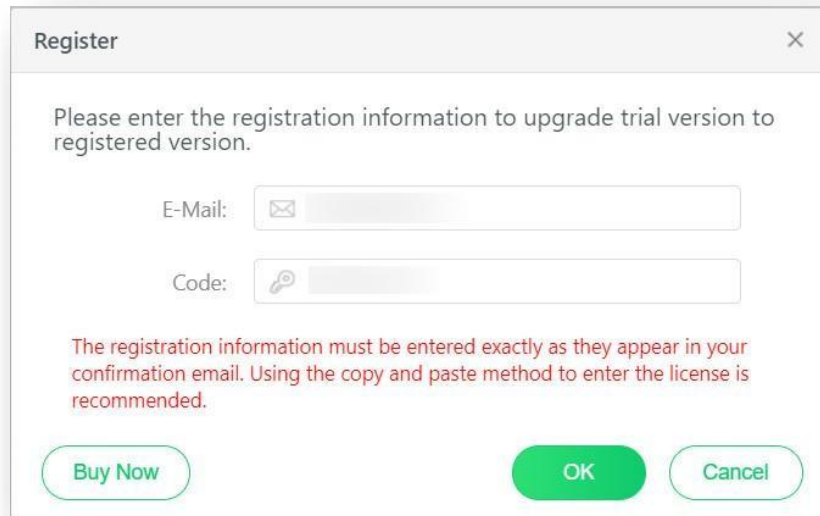

Step 3: After finishing the Registration, the limitation of the trial version will be removed.

A dialog box titled "Registration Complete" with a close button (X) in the top right corner. On the left side is a green circular icon containing a white checkmark. To the right of the icon, the text reads "You have successfully registered the program. Thank you for your support!". Below this text, it says "Your license is valid until: **2021-10-10**". At the bottom right of the dialog is a solid green button labeled "OK".

Notice:

1. Your computer should be connected with the Internet.
2. Make sure both the Registration Email and Registration key are provided by our company after you pay the registration fee. If you have not paid, please click **Buy Now** to [purchase](#).
3. Please make sure Registration Email and Registration key you entered are both completely and correctly, if not, an error message will pop up as below:

from Netflix, Amazon, Disney+, Hulu, HBO Max, Paramount+, and Discovery+, you can also change the Audio Language, Subtitle Language and more.

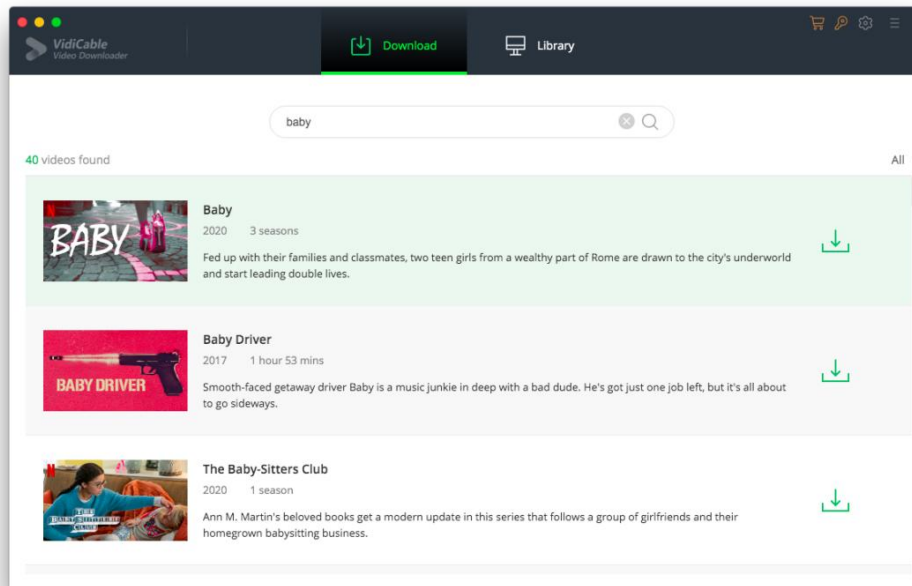

Log into Account

For downloading videos from Netflix, Amazon, Disney+, Hulu, HBO Max, Paramount+, and Discovery+, you are required to log into these sites by entering any words to the search box. For recording videos from other sites, please ignore this step.

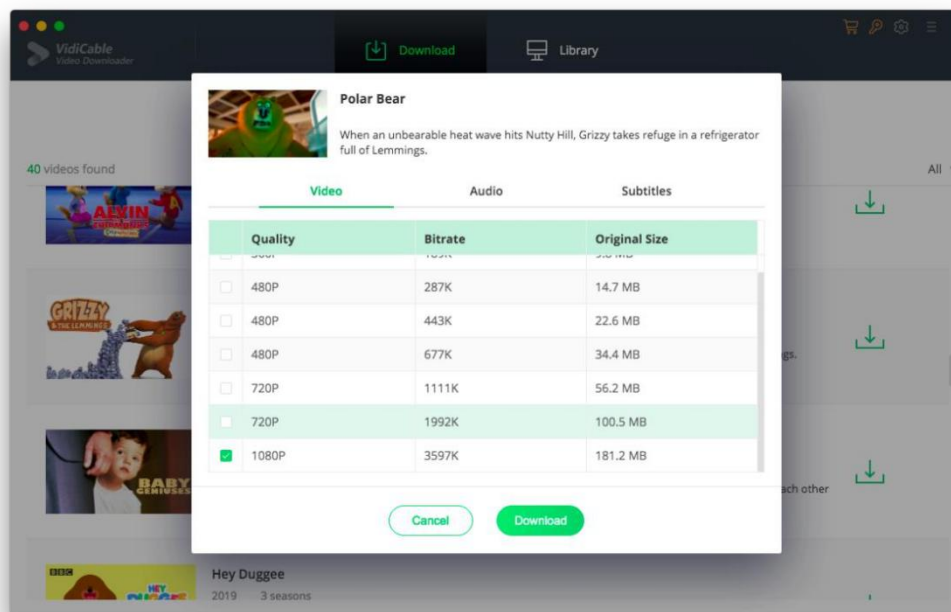

Search for Videos

VidiCable enables you to add and search videos from YouTube, Netflix, Amazon, Disney+, Hulu, HBO Max, Paramount+, and Discovery+ by using keywords. For downloading videos from the other sites, please open your web browser, find the video you want to download from that site and copy & paste its URL from the address bar to VidiCable's search box.

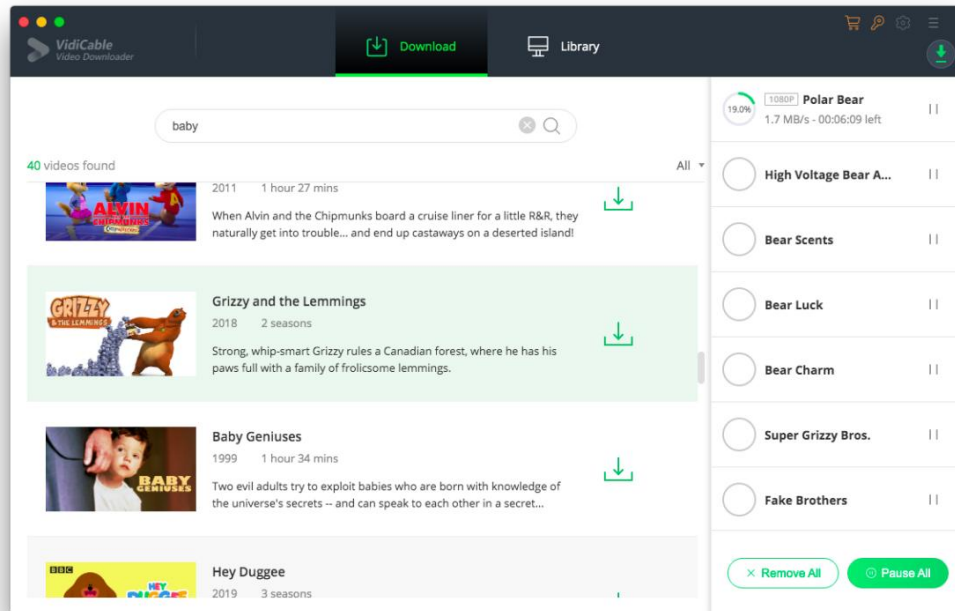

Select Audio Track and Subtitle

VidiCable allows you to select specific video quality, audio track and subtitle track when you are trying to get videos from Netflix, Amazon, Disney+ and Hulu. If you want to download a TV show, simply click the download icon, followed that a window will pop up allowing you to select titles as well as seasons, and to choose audio track and subtitles by clicking "Advanced Download" at the bottom left corner. For downloading a movie, please click the icon beside "Download" to open the window.

Download Video

After completing the above steps, now the final step is clicking the **download** icon to start downloading the video to the output folder you've chosen in the previous step.
